

I Know I Been Changed

I know I've been changed; I know I've been changed.
I know I've been changed...
The angels in Heaven done signed my name...

Well I know I got religion
Lord knows I'm not ashamed
The Holy Ghost is my witness
And the angels done signed my name

Lord knows I've been converted
Lord knows I've been redeemed
Well you can wake up in the midnight hour
Gonna tell you all just what I seen...

Well if you don't believe that I've been redeemed you know...
The angels in Heaven done signed my name
Oh follow me down to that old Jordan stream...
The angels in Heaven done signed my name
I stepped in the water, and the water was cold...
The angels in Heaven one signed my name
O it chilled my body but not my soul...
The angels in Heaven done signed my name
