

Yo He Creído (I Have Believed)

I have believed in a power
That is not touched...
I have believed in a power
That is not seen...
I have believed in a power
That is not touched or seen
But it is felt inside of my heart...

You have believed in a power
That is not touched...
You have believed in a power
That is not seen...
You have believed in a power
That is not touched or seen
But it is felt inside of your heart...

We have believed in a power
That is not touched...
We have believed in a power
That is not seen...
We have believed in a power
That is not touched or seen
But it is felt inside of the heart...
