

Contigo Yo Tengo Señor (I Have with You, Lord)

I have believed with all my soul in a powerful God.
I have trusted in Him who saved my soul on the Cross.
In spite of the trial, threat, and the strong storm,
I realize that Jesus is at my side on the boat.

With You, Lord, I have the peace that I longed for.
With You, Lord, I have the comfort of my soul and happiness.
With You, Lord, I have the future in my hands.
If I had nothing, I know that You will bless me.

I have seen with great sadness he who was doubting,
Pessimistic, without hope, who lives without faith;
And the Bible shows me the faith of grandiose prophets.
They raise me up and encourage my being, and I can believe.

How many times when there was lack at the table, I cried out to God...
The doors were closed, and the Lord opened them.
My God always responded my humble plea.
Your promises are accomplished in me, and I give You thanks.
